Dear Mr. Curtin:

We have received and reviewed your Notification of Federal Natural Resource Trustees dated June 12, 1991 for the Havertown PCP Superfund site in Delaware County, PA.

This site is listed on the FY 91 Worklist for the preparation of a Preliminary Natural Resources Survey (PNRS) pursuant to the Interagency Agreement with EPA. As of this date, we have not received the necessary site documents to prepare the PNRS. Usually we require three copies of technical documents and four copies of decisional documents. Once we have the documents, we try to complete the report within 90 days at which time we can provide you with our position on a covenant not to sue.

Please contact me at (215) 597-5378 if you have any questions about this process.

Sincerely,

Don Henne
